

Kranze LXZ FORGED Specification Changes

Thank you for your continued support.

We wish to inform you that certain specifications regarding the Kranze LXZ FORGED will be changed to the details below.

Kranze LXZ FORGED

- **The Hyper Chrome finish will be discontinued, and a new 3D buff finish will be introduced.**
- **This will not be eligible for Rim Customize in the Color Coordinate System. (Only available with anodized rims)**

These changes are due to the possibility that the Hyper Chrome finish may not meet our company's quality standards to a satisfactory degree, so we are introducing a new specification with a three-dimensional buff finish as an alternative.

Customization Options for the Color Coordinate System

Available: ①DISK COLORS ②PIERCE BOLT ③CENTER CAP ④VALVE CAP

Unavailable: ⑤RIM CUSTOMIZE (only available with anodized rims)

For customers considering ordering this product, we kindly ask that you take the above information into account when making your decision.

We deeply regret informing you of this matter after the product launch and we sincerely apologize for any inconvenience caused.

Thank you for your kind understanding.
