★ Additional size (18 x 7.5J will be released around April 2025.)

■ DISK FINISH: POLISH, MAT BLACK ■ JWL, JWL-T (excluding some sizes) standard compatible ■ Accessory prices: Air valve (TR413C) JPY 800

※ 5H-114.3 is compatible with JWL limited 690kg.

※ 5H-139.7 is compatible with JWL limited 620kg.

※ 5H-150 (16×6.5) is compatible with JWL limited 770kg, JWL-T limited (freight vehicles only) 1000kg, (16×8.0) is for JWL limited 770kg and JWL-T limited 890kg.

※ 6H-139.7 is compatible with JWL limited 800kg.

Note : For the reference models listed above, problems such as protrusion from the fender and inner interference may occur depending on vehicle production errors and tire sizes.

Please note that not all have been confirmed by actual installation on current vehicles. Be sure to check the wheels by temporary fitting before installing tires.

Caution : If the total weight of the vehicle (for registered freight vehicles with a license plate category number beginning with the number "1") is 3.5 tons or more due to modifications, etc., or the maximum load capacity is 500kg or more, then the JWL-T standard is required.
